THE POLICY PRESENTER

Posuk of Kol Yisroel

This Posuk is from Mesechto Sanhedrin, the first Mishnah in Perek Yud Alef. It says discuses how Hashem takes special pride in each and every Jew. He created us; He cares for us, and watches over us like a gardener watches over a tender plant. As we grow, learning His Torah and doing the wonderful Mitzvos in it, Hashem prepares for us a place in Olam Haboh, right next to Avrohom, Yitzchok, Yaakov, Moshe, Dovid Hamelech and all the great Tzaddikim in our history.

And remember; Olam Haboh is not just for a few days, it's forever!!

Think about what will be if we do not do what we are supposed to. When we come to Olam Haboh, we'll have to sit with all the people who didn't do what they should have, while everyone else is sitting next to all the Tzaddikim. How embarrassing!

And remember, Olam Haboh is not just for a few days, it's forever!!

We must try to do everything properly, so we can sit with all the Tzadikim and Rabbeim in Olam Haboh.

Introduction

Mazel Tov!!

The reason why you are called the Policy Presenter, is because that's exactly what you will be doing. You will be presenting and explaining to the other Chayolim the policy and goals of our special army.

How do you know what the rules are? From where can you find out what our policies and missions are? How should you know what this huge army should be doing?

The Rebbe took care of that for you. The Rebbe chose some very important points from the Torah. These points are the most fundamental and important concepts for which we live and fight for. To ensure that we are fighting on the right track and headed for the right goals, we must always think about these points and constantly have them on our mind. When someone asks you what a Yid is about, what do the soldiers in Tzivos Hashem do? Why? Etc. you have the answers right away. These 12 statements are the basic things that a Yid and especially a Chayol lives with! These are our policies, what we fight for, our missions and our goals. These parts of the Torah must be on our mind 24/7!

The Commander in Chief decides on the policies and missions, however, he does not explain it directly to the soldiers. He only explains it to the Generals, who then

Introduction to 2nd Session

The second two Pesukim are from Torah Shebaal Peh.

Posuk of Bechol

This Posuk is from Mesechta Pesochim Perek Yud Mishnah Daled and is explained at length in Tanya Perek Mem Zayin. It explains that we ourselves were redeemed from Mitzrayim, because if Hashem would not have taken our great grandparents out, we would still be there. When we think about this, that Hashem feed us and chose us to be His special servant, we become so thankful to Hashem, that we want to do everything He says!

Chassidus explains a very interesting meaning. There is a Paroh inside us which tries to hold us captive. It doesn't like us to serve Hashem with joy, and tries to stop us. We must free ourselves from our personal mitzraim every day and not be a slave to our yetzer hara. We must always work to do things even if our Yetzer Hara tries to stop us.

(See Sichos: Rosh Chodesh Iyar 5736, 12 Tammuz 5736, 10 Sivan 5742, 18 Nissan 5751)

Posuk of Shema

This Posuk is from Parshas Vo'eschanon, Perek Vov Posuk Daled. It teaches us that Hashem is one and that He is everywhere.

The word Echod is made up of three letters;

Alef- is 1- The one G-d of the world, who gives all things their life, in every place, and all the time.

Ches- is-8- The 7 heavens and the earth.

Daled-is-4-The four directions of the world

The Ches and Daled come after the Alef just like the heavens and earth come from and are ruled by Hashem.

When we think about this before we go to sleep, and right away when we wake up, the day is very different because we think about Hashem the whole day, even when we are sleeping, eating etc.

(See Sichos: Rosh Chodesh Iyar 5736, 12 Tammuz 5736, 20 Shvat 5741, 7 Ellul 5750)

explain it to the Captains etc. The soldiers can only fight as well as they are trained to. You are their trainer! You were chosen for the very important job of presenting these goals and policies to the Chayolim!

Introduction for 1st session

Using every object in it's proper way will lead to the best results. When you follow the instructions, the object works properly and helps you do what you need it to. If the instructions are not followed, the object will not function at its best, because it was designed to be used differently. The person who made the object, knows best how to use it, because he knows how it was made, for what purpose, and he built it to be used in a certain way.

Hashem created the biggest object ever, - the world. He made a "user's guide" to show how to best live in the world which He made, - The Torah. The Torah is our army's special handbook directing us what we should be doing to fulfill our mission. It is huge and talks about so many wonderful things that we cannot possibly always think about it all.

The Rebbe chose 12 very important points from the Torah. There are two sets of six statements, each set containing 2 Pesukim from Chumash (Torah Shebich'sav), 2 Maamorim from Chazal (Torah Shebaal Peh) and 2 Maamorim from Tanya (Pnimiyus Hatorah). These points are for us to always think about and constantly have on our mind. We should know them so well that we can even recite them by heart; just like you know your brothers and sisters names and you don't need to stop and think about it.

When someone asks you what a Yid is about, what do the soldiers in Tzivos Hashem do? Why? etc. you have the answers right away. These 12 statements are the basic things that a Yid and especially a Chayol lives with! These parts of the Torah must stay with us 24/7!

This week we will focus on the first two Pesukim. They are from Torah Shebichsav.

Posuk of Torah

This Possuk is from Vezos Habrocho, Perek Lamed Gimel, Possuk Daled.

Chazal say in Mesechto Sukko, Daf Mem Beis Omud Alef, that as soon as a child can speak, they should learn this posuk. It says how the Torah was given to us through Moshe, Hashem's most faithful servant. Every single Jewish boy and girl inherits the Torah for himself or herself. An inheritance is passed on automatically to the children, whether they have learned Torah for years, or only know a very little bit, it is their inheritance - to learn and to keep. The very nicest present that Hashem gave.

We show that the Torah is precious to us, as dear as our toys and candies
